

The SmartPak™ Pharmacy Equine and Dog & Cat Product Information Sheet

Cimetidine

NOTE:

This product is FDA-approved for use in humans only. Using this product in animals is considered extra-label drug use and is permitted when a valid veterinary-client-patient relationship exists and a prescription has been written. Follow your veterinarian's instructions carefully when using this product.

You may be sent an FDA-approved generic drug that may be manufactured by more than one company. Therefore, the product you receive may not always have the same label, color or shape.

How Supplied by SmartPak – Cimetidine is available in daily dose SmartPaks and in 200mg, 400mg and 800mg strength tablets in 100-count bottles.

Category – Cimetidine is a histamine H₂-receptor antagonist.

Indications (Uses) – Cimetidine is indicated in humans for: short-term treatment of active duodenal ulcer, maintenance therapy for duodenal ulcer patients at reduced dosage after healing of active ulcer, short-term treatment of benign gastric ulcer, erosive gastroesophageal reflux disease, and the treatment of pathological hypersecretory conditions.

Dosage and Administration – Follow your veterinarian's instructions.

Contraindications – Cimetidine is contraindicated for patients known to have hypersensitivity to the product.

Human warning – Keep out of reach of children.

Additional Warnings, Precautions, Drug Interactions, Adverse Reactions (Side Effects) and Contraindications – See package insert.

Storage Conditions: Store at controlled room temperature (68-77F) in a tight, light-resistant container.
