

# The SmartPak™ Pharmacy Equine, Dog and Cat Product Information Sheet

## Prednisone

### NOTE:

**This product is FDA-approved for use in humans only. Using this product in animals is considered extra-label drug use and is permitted when a valid veterinary-client-patient relationship exists and a prescription has been written. Follow your veterinarian's instructions carefully when using this product.**

**You may be sent an FDA-approved generic drug that may be manufactured by more than one company. Therefore, the product you receive may not always have the same label, color or shape.**

**How Supplied by SmartPak** – Prednisone is available in 5mg and 20mg strength tablets in 100-count bottles.

**Category** – Prednisone is a glucocorticoid, or, adrenocortical steroid.

**Indications (Uses)** – In humans, Prednisone is used in a wide variety of conditions, primarily for its potent anti-inflammatory effects in disorders of many organ systems.

**Dosage and Administration** – Follow your veterinarian's instructions.

**Contraindications** – Prednisone is contraindicated in systemic fungal infections and known hypersensitivity to tablet components.

**Human Warning** –Keep out of reach of children.

**Additional Warnings, Precautions, Drug Interactions, Adverse reactions (Side**

**Effects) and Contraindications** – See package insert.

**Storage Conditions:** Store at controlled room temperatures 59 - 86F.
