---

### Cautions:

- Safe use in pregnant animals or animals intended for breeding has not been proven.
- Consult with your veterinarian before using this product in animals: with clotting disorders; being treated with anticoagulant medications; diabetes or any metabolic disorder causing hyperglycemia; history of urinary tract stones; known allergies to shellfish.
- If lameness worsens, discontinue use and contact your veterinarian.
- Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset.
- Absorption of drugs taken simultaneously may be delayed (Fructooligosaccharides).

### For use in horses only.

**Directions for Use:** Administer 60 g daily, 1 scoop = 30 g (2 scoops daily)

### Warnings:

- For animal use only.
- Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately.
- This product should not be given to animals intended for human consumption.
