SmartLytes®

You can lead a horse to water, but you can't make him understand that proper hydration is essential to his well-being! If your horse isn't replacing the water and key minerals lost in sweat, his health could be at risk. Dehydration and mineral imbalances can cause fatigue, muscle stiffness and even colic. **Don't risk dehydration — support your horse with SmartLytes!**

What makes it smarter?

Is it the solution for my horse?

SmartLytes is a sugar-free electrolyte supplement perfect for all horses. With a comprehensive range of electrolytes required for normal body functions, including salt to encourage adequate water intake, SmartLytes supports general health and is the perfect choice for promoting year-round hydration.

Real Results

“ I was so happy to see that SmartLytes came in pellets. Now Finn eats it without even thinking about it...I love that it keeps him hydrated no matter what season it is.
