### SmartMuscle®

Proper nutrition is essential for your horse to develop the lean muscle needed for peak performance, as well as **the muscle staying power of a winner**. To ensure your horse has the building blocks of strong, healthy muscles, consider adding a SmartMuscle supplement to his diet.

### What makes them smarter?

SmartMuscle Mass has essential amino acids and other key ingredients to support muscle development

SmartMuscle Stamina combines DMG with carefully selected ingredients for muscle performance

### Is it the solution for my horse?

**SmartMuscle Mass** is ideal for horses who need support for muscle development. It provides 12 amino acids that aid in developing strong, defined muscles, including Creatine, Glutamine, Lysine, Methionine and Threonine. These are combined with other targeted muscle building ingredients, such as Gamma Oryzanol, HMB, Collagen and Betaine.

**SmartMuscle Stamina** is perfect for the equine athlete who needs support for long-lasting muscle performance. It combines Branched Chain Amino Acids to help delay the onset of fatigue, Medium Chain Triglycerides as readily available sources of energy, and a powerful 3,000 mg dose of DMG to support efficient muscle function.

### Real Results

**“** [My] Warmblood is filling out great and getting a much better top line...I'm truly impressed with the difference [SmartMuscle Mass] made...love it!
