### SmartOmega 3™

Your horse was built to thrive on the nutrients available in fresh grasses, but 24-hour turnout on quality pasture is hard to come by. While you may not be able to provide acres of rolling pasture, you *can* mimic Mother Nature. **Bring your horse back into balance with SmartOmega 3.** Omega 3 fatty acids are crucial to your horse's diet because they support cellular health throughout his body and a normal response to inflammation.

#### What makes it smarter?

#### Is it the solution for my horse?

**SmartOmega 3** will take your horse's health from good to great. This unique formula promotes overall health and well-being, and can be fed alone or in addition to your horse's current supplement program for added support. **SmartOmega 3 Ultra** provides all the benefits of the popular original formula, enhanced with higher levels of Omega 3 fatty acids from Fish Oil and Chia Seed.

#### Real Results

**“ SmartOmega 3 is a staple in my barn and my number one choice of supplement for overall wellness! ”**  
– SB from Hastings, FL
