SmartShine®

Tired of going through countless bottles of grooming spray, only to find that your horse is still short on shine? Stop trying to spray on a healthy glow and start working from the inside out. Support your horse with a high quality skin and coat supplement, and let his good health shine through!

What makes them smarter?

Is it the solution for my horse?

SmartShine is great for all horses. It is rich in Omega 3 fatty acids from stabilized Flax Seed, one of the best plant sources of Omega 3s. These vital fatty acids are critical for healthy, resilient skin and a shiny coat.

SmartShine Ultra adds Fish Oil to take the benefits of SmartShine to the next level. Fish Oil is widely recognized as the best source of the specific Omega 3 fatty acids DHA and EPA, known for their many powerful health benefits.
