#### For use in horses only.

#### Cautions:

Safe use in pregnant animals or animals intended for breeding has not been proven. Consult with your veterinarian before using this product in animals: with clotting disorders; being treated with anticoagulant medications; diabetes or any metabolic disorder causing hyperglycemia; history of urinary tract stones; known allergies to shellfish. If lameness worsens, discontinue use and contact your veterinarian. Administer during or after the animal has eaten to reduce incidence of gastrointestinal upset. Federal law prohibits the off-label use of this product in ruminants. Use with caution in animals at risk for GI ulcerations. Not for use with blood thinners or anticoagulants. Do not use in patients with bleeding disorders, use with caution in racetrack horses that are bleeders; drug interactions with salicylate and NSAIDs; use caution with long term use due to tannin content. Absorption of drugs taken simultaneously may be delayed.

#### Warnings:

- For animal use only.
- Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.
- This product should not be given to animals intended for human consumption.

#### Directions for Use:

Administer 80 g daily,  
1 scoop = 40 g (2 scoops daily)
