

Teaming up with AQHA

A letter from AQHA Executive Vice-President

The American Quarter Horse Association is proud to team with SmartPak as our newest corporate partner and the Official Supplement Feeding System of the AQHA. SmartPak was founded by riders and horse owners who understand the hard work and dedication it takes to care for a performance horse. They strive to provide innovative and convenient solutions for their customers and we think AQHA members will find SmartPak's solutions helpful to the problems you face as horse owners every day.

Two of SmartPak's very own SmartSupplement™ products are problem solvers that are also being recognized by AQHA. **SmartSox®**, a unique new product that supports proper blood flow in the hoof, is the Official Hoof Soreness Supplement of AQHA, and **SmartTendon®** a product providing targeted nutritional support of tendons and ligaments, is the Official Tendon Support Supplement of AQHA. As a benefit of being an AQHA member, **you can save 5% on all purchases of SmartPak products.** There are no enrollment fees or minimum order requirements. Just input your AQHA Membership ID during checkout online or mention it when ordering via phone, to take advantage of the immediate savings! Visit www.SmartPak.com/AQHA for more details.

With SmartPak, you can simply set up your horse's supplements and medications once and they'll make sure you stay organized all year long. We are excited to have SmartPak join our team of corporate partners. If you haven't let them help you get your nutritional program on track, give the SmartPak system a try.

P.S. By shopping at SmartPak you can also support many of AQHA's other corporate partners!

Sincerely,

A handwritten signature in black ink that reads "Don Treadway Jr". The signature is written in a cursive, flowing style.

Don Treadway, Jr.

AQHA Executive Vice President
