

The SmartPak™ Pharmacy Equine Product Information Sheet

Cyproheptadine

NOTE:

This product is FDA-approved for use in humans only. Using this product in animals is considered extra-label drug use and is permitted when a valid veterinary-client-patient relationship exists and a prescription has been written. Follow your veterinarian's instructions carefully when using this product.

You may be sent an FDA-approved generic drug that may be manufactured by more than one company. Therefore, the product you receive may not always have the same label, color or shape.

How Supplied by SmartPak – Cyproheptadine is available in daily dose SmartPaks and in 4mg strength tablets in 1000-count bottles.

Category – Cyproheptadine is a serotonin and histamine antagonist with anticholinergic and sedative effects.

Indications (Uses) – Cyproheptadine is for the following conditions in humans: perennial and seasonal allergic rhinitis, vasomotor rhinitis, allergic conjunctivitis due to inhalant allergens and foods, mild uncomplicated allergic skin manifestations of urticaria and angioedema, amelioration of allergic reactions to blood or plasma, cold urticaria, dermatographism, as therapy for anaphylactic reactions adjunctive to epinephrine and other standard measures after the acute manifestations have been controlled.

Dosage and Administration – Follow your veterinarian's instructions.

Contraindications – Cyproheptadine is contraindicated for patients known to have hypersensitivity to the product. It should not be given concomitantly with monoamine oxidase inhibitors. It is also contraindicated in: newborn or premature infants, nursing mothers, angle-closure glaucoma, stenosing peptic ulcer, symptomatic prostatic hypertrophy, bladder neck obstruction, pyloroduodenal obstruction, elderly and/or debilitated patients.

Human warning – Keep out of reach of children.

Additional Warnings, Precautions, Drug Interactions, Adverse Reactions (Side Effects) and Contraindications – See package insert.

Storage Conditions: Store at controlled room temperature (59-86F) in a well-closed container.
