

## The SmartPak™ Pharmacy Equine Product Information Sheet

### Isoxsuprine

**NOTE:**

**This product is FDA-approved for use in humans only. Using this product in animals is considered extra-label drug use and is permitted when a valid veterinary-client-patient relationship exists and a prescription has been written. Follow your veterinarian's instructions carefully when using this product.**

**You may be sent an FDA-approved generic drug that may be manufactured by more than one company. Therefore, the product you receive may not always have the same label, color or shape.**

**How Supplied by SmartPak** – Isoxsuprine is available in SmartPaks and in 20mg tablets in 1000-count bottles.

**Indications (Uses)** – Isoxsuprine is possibly effective in humans for the relief of symptoms associated with cerebrovascular insufficiency and peripheral vascular disease.

**Dosage and Administration** – Follow your veterinarian's instructions.

**Contraindications** – There are no known contraindications to oral use when administered to humans in recommended doses. Isoxsuprine should not be given immediately postpartum or in the presence of arterial bleeding.

**Human warning** – Keep out of reach of children.

**Additional Warnings, Precautions, Drug Interactions, Adverse reactions (Side Effects) and Contraindications** – See package insert.

**Storage Conditions:** Store at controlled room temperatures 59 – 86F.
