

## The SmartPak™ Pharmacy Equine Product Information Sheet

### Methocarbamol

**NOTE:**

**This product is FDA-approved for use in humans only. Using this product in animals is considered extra-label drug use and is permitted when a valid veterinary-client-patient relationship exists and a prescription has been written. Follow your veterinarian's instructions carefully when using this product.**

**You may be sent an FDA-approved generic drug that may be manufactured by more than one company. Therefore, the product you receive may not always have the same label, color or shape.**

**How Supplied by SmartPak –**

Methocarbamol is available in 500mg strength tabs in 100-count and 500-count bottles, and in 750mg strength tabs in 100-count bottles.

**Category –** Methocarbamol is a carbamate derivative of Guaifenesin and a central nervous system depressant with sedative and musculoskeletal relaxant properties.

**Indications (Uses) –** In humans, Methocarbamol is used as an adjunct to rest, physical therapy and other measures for the relief of discomfort associated with acute, painful musculoskeletal conditions.

**Dosage and Administration –** Follow your veterinarian's instructions.

**Contraindications –** Methocarbamol is contraindicated in patients hypersensitive to Methocarbamol or to any of the tablet components.

**Human Warning –**Keep out of reach of children.

**Additional Warnings, Precautions, Drug Interactions, Adverse reactions (Side Effects) and Contraindications –** See package insert.

**Storage Conditions:** Store at temperatures 68 - 77F in a tight container.
