

The SmartPak™ Pharmacy Dog & Cat Product Information Sheet

Viokase®-V Powder

Common Drug Name – Amylase, Lipase, Protease

How Supplied by SmartPak – Viokase is available in daily dose SmartPaks and in 12oz bottles. Each 2.8g (1 teaspoonful) contains:

Lipase: 71,400USP units

Protease: 388,000USP units

Amylase: 460,000USP units

Category – Viokase is activated whole raw pancreas; a pancreatic enzyme concentrate of porcine origin containing standardized Amylase, Protease and Lipase activities plus esterases, peptidases, nucleases and elastase.

Caution - Federal law restricts this drug to use by or on the order of a licensed veterinarian.

Indications (Uses) – Viokase is indicated as a digestive aid; replacement therapy where digestion of protein, carbohydrate and fat is inadequate due to exocrine pancreatic insufficiency.

Dosage and Administration – Viokase powder is added to moistened dog food (canned or dry). Thorough mixing is necessary to bring the enzymes into close contact with the food particles. Incubation at room temperature for 15-20 minutes before feeding appears to enhance the digestive process. Frequent feeding, at least 3 times daily, is important.

Dogs: $\frac{3}{4}$ - 1 teaspoonful with each meal

Cats: $\frac{1}{4}$ - $\frac{3}{4}$ teaspoonful with each meal.

Human Warnings – Not for human use. Keep out of reach of children.

Precautions – Discontinue use in animals with symptoms of sensitivity.

Storage Conditions: Store in tightly closed container in a dry place at a temperature not exceeding 77F.

Marketed by:

Fort Dodge Animal Health
