#### Cautions:

- Safe use in pregnant animals or animals intended for breeding has not been proven (Boswellia).
- If animal's condition worsens or does not improve, stop product administration and contact your veterinarian.
- Consult with your veterinarian before using this product in animals being treated with anticoagulant medications (Grape Seed Extract, Turmeric), blood thinners (Quercetin) or in animals with pre-existing bleeding disorders, anemia or prior to surgery (Garlic, Ginkgo Biloba). Excessive sustained doses of Garlic may cause Heinz body anemia.
- May be contraindicated in subjects with hypertension and anxiety. May be hypoglycemic (Siberian Ginseng).
- May be GI irritant and not to be used in patients with stomach ulcers (Turmeric).
- May cause digestive upset if raw (Garlic).
- Potential interactions with CYP1A2 & CYP3A drugs (Echinacea).
- Use with caution in hyperthyroid disease (Kelp).

#### For use in horses only.

**Directions for Use:** Administer 40 g daily, 1 scoop = 40 g

#### Warnings:

- For animal use only.
- Keep out of the reach of children and other animals. In case of accidental overdose, contact a health professional immediately.
- This product should not be given to animals intended for human consumption.
