Five minutes to a healthier horse

SmartBug-Off®

Does your horse bug out when fly season rolls around? If turnout is more like torture with all the buzzing and biting, **SmartBug-Off can make the pasture peaceful again** by protecting your horse from the inside out. Say goodbye to stomping and swishing and say hello to a happier horse.

What makes it smarter?

Garlic, Brewer's Yeast and Apple Cider Vinegar discourage flies from landing on and biting your horse

Omega 3 fatty acids, Grape Seed Extract and MSM to support healthy skin and a normal inflammatory response

Is it the solution for my horse?

SmartBug-Off is perfect for all horses who are bothered by flies and other pesky pests. This comprehensive formula helps deter biting insects and supports healthy skin and a normal inflammatory response. As an added bonus, we've included Diatomaceous Earth, which makes manure less hospitable to breeding flies.

Real Results

“ My barn of six horses all started getting **SmartBug-Off** this past spring. Not only has the bug population been reduced, the horses all have shiny and sleek coats and **the flies don't bother them like in years past!**

– LT from Winter Park, FL
