Order in SmartPaks for the best value and the ultimate peace of mind

SmartGut®

Limited access to pasture, heavy training and high stress can all contribute to this troublesome condition. While ulcers can only be treated with prescription medication, you may be able to **reduce your horse's risk by supporting his stomach health.**

What makes it smarter?

Is it the solution for my horse?

SmartGut provides outstanding stomach support for all horses, especially those under stress from travelling or competition. This formula includes Calcium and Magnesium Carbonate to neutralize excess gastric acid, soluble fiber to help protect the stomach lining, and the amino acids L-Glutamine and Glycine, which help support normal healing. SmartGut also provides soothing herbs such as Licorice, Marshmallow Root and Slippery Elm, along with Probiotics, Prebiotics and additional ingredients for a healthy stomach lining. This comprehensive formula helps to safeguard the stomach, create a healing environment and maintain overall gastric health.

Real Results

“A happy tummy is a happy horse.

Excellent product. My picky eater even likes it. I have noticed a much happier horse using this product in travel and at home.

– CS from Bishop, CA
